Mohamed Ramadan

PROJECT MANAGER & RESIDENT ENGINEER

PROFILE

Accomplished Civil Engineer with over a decade of experience across the UAE and Australia. Expert in leading full construction lifecycles for royal family luxury villas, commercial buildings, warehouses, and government projects. Proven ability to manage multimillion-dirham budgets, coordinate with local authorities, and deliver high-quality results under tight deadlines with full client satisfaction.

EXPERIENCE

Project Manager

Feb 2023 - Present

Private Office of H.H. Shk Khalifa Bin Hamdan Al Nahyan · Abu Dhabi, UAE

- Orchestrate end-to-end delivery of luxury royal villas and large-scale warehouses to elite architectural standards.
- Direct palace maintenance and renovation programs with rigorous VIP-grade quality protocols.
- Lead multiple concurrent projects, streamlining labor and procurement to beat delivery milestones.
- Primary liaison with Abu Dhabi government entities for permits, NOCs, and final handovers.

Project Manager

Feb 2020 - Jan 2023

Al Fada Group (Al Budooa General Maintenance) · Abu Dhabi, UAE

- Directed diverse portfolio for ADCE, Emirates Transport, and UAE Red Crescent — 100% on-time delivery.
- Managed full project roadmaps from mobilization to handover with meticulous site supervision.
- Cultivated municipal partnerships to expedite approvals and ensure OSHAD compliance.

Civil Resident Engineer

Mar 2016 - Feb 2020

Al Manhal Consultant Engineering Office · Abu Dhabi, UAE

- High-level technical supervision enforcing strict design specifications, timelines, and budgets.
- Directed structural assessments; delivered engineering solutions for complex repairs and renovations.
- Conducted site inspections ensuring compliance with UAE consultancy and international building codes.

Project Site Civil Engineer

Jul - Sep 2015

Haddara Constructions · Melbourne, Australia

- Supervised on-site structural safety and logistics for the Australian Islamic Centre, Melbourne.
- Executed precise material take-offs and quantity calculations, delivering measurable cost savings.

Technical Office Engineer

Feb - Jul 2015

EyeDeal · Darwin, Australia

- Orchestrated end-to-end tendering, cost estimation, and financial forecasting for infrastructure contracts.
- Developed centralized project tracking systems providing real-time KPI visibility to leadership.

Project Engineer

Apr - Sep 2014

Bin Jamal General Contracting · Abu Dhabi, UAE

- Managed civil projects from initial proposal to handover, translating designs into executable plans.
- Developed Master Project Schedules using CPM methodologies to optimise delivery timelines.

Office Manager (Technical)

Dec 2013 - Jan 2015

Constructco General Contracting · Abu Dhabi, UAE

- Spearheaded tendering, cost estimation, and PLM frameworks across civil contracting works.
- Streamlined office-to-site communication workflows, minimising RFI processing latency.
