

ENG. MOHAMMAD IBRAHIM MISHREF

Ramallah, Palestine, +970569924182, moshref99@gmail.com, [linkedin.com/in/eng-mohammad-ibrahim-mishref-52706484](https://www.linkedin.com/in/eng-mohammad-ibrahim-mishref-52706484)

PROFESSIONAL SUMMARY

Highly accomplished, PMP® and FIDIC Academy Certified Professional with over 25 years of hands-on expertise managing mega-infrastructure and heavy industrial portfolios (\$500M+). Specializing in Mega-Project Lifecycle Management, Dispute Avoidance, advanced Claim Management, and Forensic Delay Analysis (CPM). Formally certified as a Ministry of Justice Arbitrator and heavily trained in FIDIC Adjudication frameworks. Proven track record in providing technical-contractual defense and structuring high-value Amicable Settlements for Tier-1 contractors and employers across Qatar, UAE, and Palestine.

CORE COMPETENCIES

- **Mega-Project & Infrastructure Management:** Smart Cities, Pearl Qatar, and FIFA Stadiums lifecycle operations.
- **Alternate Dispute Resolution (ADR):** Dispute Adjudication Board (DAB/DAAB) Procedures, Technical Auditing.
- **Advanced Claim Management:** EOT Analysis, Prolongation & Disruption Claims, Forensic Delay Analysis (CPM).
- **Legal & Technical Drafting:** Authoritative technical evaluation reports in legal Arabic and English.
- **Heavy Operations & Budgeting:** Fleet optimization, asset management, CAPEX/OPEX capital budgeting.
- **HSE Governance & Quality Compliance:** Statutory Auditing, International Engineering Compliance (OSHA, LEEA).

KEY CERTIFICATIONS & PROFESSIONAL AFFILIATIONS

- **Accredited Arbitrator (Mechanical Contracts)** – Palestinian Ministry of Justice
- **Project Management Professional (PMP®)** – Project Management Institute (PMI) | Member of PMI
- **FIDIC Module 1, Module 3 (DAAB), & Module 5 (Silver Book)** – Arab Center for Arbitration
- **Arbitrator Training Certification** – Regional Center for Arbitration & Arab Board for Engineering Arbitration
- **Certified Member** – Lifting Equipment Engineering Association (LEEA)

PROFESSIONAL EXPERIENCE

Director, Claims & Contracts Consultant

Palestinian Union of Construction Industry (PUCI) – West Bank, Palestine - 2018 – Present

- Claims Evaluation & Technical Advisory: Serve as an independent Technical Expert to evaluate high-value contractual claims, engineering liabilities, and international procurement conflicts for Tier-1 firms, providing formal, evidence-based technical assessments.
- Contractual Risk Avoidance: Review, interpret, and audit complex FIDIC-based contractual frameworks and technical specifications to identify potential risk areas, successfully mitigating legal and financial exposure prior to dispute escalation.
- Forensic Technical Analysis & RCA: Conduct deep technical auditing and leverage forensic root-cause analysis (RCA) to determine technical liability in complex structural and mechanical asset failures, providing robust defense frameworks for stakeholders.
- Forensic Delay & Quantum Assessment: Spearhead forensic delay analysis (CPM) and quantum assessments for disputed Extension of Time (EOT) claims, facilitating multi-million-dollar amicable settlements and avoiding prolonged litigation.
- Capacity Building & FIDIC Training: Design and deliver advanced professional training programs to 200+ senior engineers on FIDIC suite administration, proactive claims management, statutory auditing, and dispute avoidance methodologies.

Project Manager – FIFA World Cup Stadium Infrastructure

Ertibat Engineering (Member of Ertibat Group) – Doha, Qatar - 2014 – 2018

- **Assigned Mega-Projects:** Lusail Iconic Stadium & Khalifa International Stadium.
- Administered and monitored high-value international construction contracts and subcontracts, managing risk and ensuring strict adherence to global project delivery schedules.
- Evaluated, negotiated, and settled commercial claims, Variations, and Extensions of Time (EOT) with Tier-1 main contractors, government consultants, and stakeholders.
- Managed multi-million-dollar asset procurement and leasing contracts, ensuring full legal and technical compliance with FIFA infrastructure requirements and Supreme Committee regulations.
- Mitigated operational and project risks through structured safety auditing and enforcing international standard compliances (OSHA, LEEA) in high-density workforce environments.

Operation Manager – Mega-Infrastructure & High-Rise Projects

Global Construction Equipment Company (Al Hodifi Group) – Doha, Qatar - 2007 – 2014

- Negotiated and drafted high-value equipment rental, service, and procurement contracts with international Tier-1 contractors, private developers, and government stakeholders.
- Managed P&L, resource allocation, and contractual risk mitigation for the heavy machinery division, optimizing fleet utilization and reducing financial overhead by 15%.
- Served as the primary technical/contractual consultant for project management teams regarding heavy equipment selection, placement strategies, and high-risk erection compliances (OSHA, LEEA, BS standards).
- Resolved contractual disputes and claims arising from equipment downtime, maintenance delays, and site operational constraints across multi-million-dollar jobsites.

Senior Mechanical Engineer | Stream Industrial & Engineering

Stream Industrial & Engineering (Subsidiary of Salam International) – Doha, Qatar - 2005 – 2007

- Reviewed and audited technical specifications, tender documents, and procurement documentation for heavy industrial machinery to ensure precise alignment with complex project requirements.
- Coordinated high-risk operations and certified rigging plans, performing formal safety and capacity audits to mitigate liability and operational hazards.
- Conducted failure analysis and technical assessments to determine liability and minimize project downtime during critical equipment failures.

Junior Mechanical Engineer – Heavy Equipment Warranty Section

TOMECO (Tower Mechanical Equipment Group) – Ramallah, Palestine - 2000 – 2005

- Evaluated, audited, and processed technical warranty claims and commercial liability disputes across the Palestinian market, ensuring adherence to manufacturer policies.
- Conducted root-cause analysis and forensic diagnostics to determine equipment defect liability between contractors, owners, and dealerships.
- Negotiated technical claim resolutions and contractual disputes with corporate clients, protecting corporate assets while achieving amicable dispute settlements.

EDUCATION

Bachelor of Science in Mechanical Engineering

Birzeit university, Ramallah – Palestine, 2000

LANGUAGES

- **Arabic:** Native (Fluent in legal and technical drafting)
- **English:** Professional Working Proficiency
