MOSTAFA RABIE MOHAMMED

Civil Engineer

Buildings • Infrastructure & Villas Construction • Fit-out

Mobile: 77060466
Email: mostafa.rabie10000@gmail.com
Nationality: Egyptian
UPDA/MMUP: Grade C

PROFESSIONAL PROFILE

Civil Engineer with more than 14 years of experience in Qatar, Saudi Arabia and Egypt across tender management, technical office, project management, civil construction, infrastructure, utilities coordination, buildings, villas, malls, steel structures and fit-out works. Currently working as Tender Manager with Pride Projects Contracting W.L.L., leading tender review, BOQ pricing, technical/commercial submissions, subcontractor quotation analysis, risk review, clarifications and tender closing for building, villa, infrastructure, fit-out and specialist packages. Experienced in managing projects and tenders from document review and technical proposal preparation through site coordination, progress reporting, variation control, quality follow-up, testing/commissioning coordination and handover support.

CORE COMPETENCIES

- Construction management for buildings, villas, palaces, malls, steel structures and fit-out works.
- Infrastructure works coordination including roads, subways, bridges, buildings and associated civil/utility interfaces.
- Utilities, external services and related coordination, including field installation follow-up, testing/commissioning coordination and issue resolution.
- Tender management, technical proposals, BOQ review, quantity take-off, pricing support, subcontractor quotations and commercial comparison.
- Project progress monitoring, site meetings, reporting, schedule follow-up, cash flow coordination and stakeholder management.
- Shop drawings review, technical submittals, material approvals, method statements, QA/QC coordination and site documentation.

PROFESSIONAL EXPERIENCE

Tender Manager | **Pride Projects Contracting W.L.L.** | **Mar 2025 - Present**

- Lead tender management and pricing activities for buildings, villas, fit-out, infrastructure, external works and specialist construction packages.
- Review tender documents, drawings, specifications, BOQs, addenda and post-tender clarifications to identify scope gaps, cost risks, missing information and hidden requirements.
- Prepare and coordinate BOQ pricing, direct cost build-ups, preliminaries allocation, subcontractor scope split, supplier RFQs, quotation comparisons and final commercial summaries.
- Prepare technical and commercial tender submissions, compliance responses, method statements, work methodologies, project organization charts, manpower/equipment plans and tender clarifications.
- Coordinate with management, technical office, planning, procurement, suppliers, subcontractors, consultants and clients to finalize assumptions, qualifications, value engineering options and notes on price.
- Support final tender closing, document control, submission packaging, tender records, post-tender replies and commercial/technical correspondence.

Selected Tender Assignments:

- **Police Academy Project** - tender study, BOQ pricing, technical/commercial review, subcontractor quotation analysis and pricing risk assessment.
- **PEO / Private Engineering Office Villas and VVIP Projects** - pricing, compliance submissions and technical/commercial tender preparation for villa and high-end building packages.
- **Civil Service and Government Development Bureau / Lusail Tower and Related Building Projects** - tender review, pricing support, subcontractor coordination and technical clarification follow-up for building and finishing packages.
- **Consultancy Office Tender Packages** - tendering for mixed projects with different consultancy offices, including BOQ review, RFQs, compliance matrices, clarifications and final offer support.

Technical & Tender Manager | **Al Phanr International Company** | **Dec 2020 - Mar 2025**

- Manage project, technical and tender activities for civil, buildings, villas, fit-out, steel structure and infrastructure-related projects.
- Handle tender documentation, technical proposals, financial bids, BOQ study, quantity estimation, pricing coordination and compliance with client/consultant requirements.
- Review drawings, specifications, scope of work and tender requirements to identify risks, technical issues, missing information and coordination requirements.
- Coordinate with site teams, consultants, subcontractors, suppliers, procurement, finance and management to support execution and on-time completion.
- Supervise project progress, lead progress meetings, monitor cash flow requirements, control expenditure within project budget and prepare reports.

- Manage subcontractor quotations, selection, LOIs, contracts, variation orders and technical/commercial correspondence.
- Support MEP and utility coordination where required, including water supply, drainage, Kahramaa interfaces, site services, testing and commissioning follow-up.

Selected Projects:

- **MBK Farm LED Project and Agricultural Facilities**
  Location: Al Shahaniya | **Value:** QR 75M | **Scope:** Steel structure, construction, finishing and agriculture technology.
- **Glass Factory / Stores**
  Location: New Industrial Area / Aba Saleel / Birkat Al Awamer | **Value:** QR 10M | **Scope:** Steel structure.
- **Dr. Khaled Al Attiyah Palace Project**
  Location: Bani Hajir / Wakrah | **Value:** QR 50M | **Scope:** Construction and finishing works for 8 separate villas.

Senior Technical / Tender Engineer | **IRIS Construction Company** | **Sep 2018 - Nov 2020**

- Managed tender activities for civil, fit-out and infrastructure projects, including documentation, pricing support, compliance and technical coordination.
- Prepared technical and commercial documents, coordinated with legal, finance, procurement, project management and technical teams.
- Participated in quantity estimating, project costing, invoice/payment review, subcontractor quotations, purchase orders, contracts, LOIs and variations.
- Followed up project progress, coordinated with stakeholders and prepared reports to support completion within programme and budget.
- Gained strong exposure to infrastructure works, utility interfaces, roads, tunnels, subways, bridges and building works.

Selected Projects:

- **Al Khor Expressway Project**
  Value: QR 650M | **Scope:** Infrastructure works including roads, tunnel, subways, bridges and buildings.
- **Simaisma West Project**
  Value: QR 220M | **Scope:** Infrastructure works including roads and buildings.

Project Manager | **Al Safwah Steel & Contracting** | **Sep 2017 - Sep 2018**

- Worked as technical office engineer for steel, building and villa construction projects.
- Coordinated between design drawings and site execution, reviewed materials and technical submittals, and prepared technical reports.
- Participated in quantity estimating, project study, costing and coordination with project management, procurement and site teams.
- Supported construction and technical coordination for buildings, stores and separated villas.

Selected Projects:

- **Three Buildings, 3 Stores and 6 Separated Villas**
  Location: Al Zubara and Al Khor | **Value:** QR 60M | **Scope:** Buildings composed of basement, ground floor and four floors. | **Area:** 10,000 m²

Project Coordinator | **Kittco Company - Tawar Mall** | **Sep 2016 - Sep 2017**

- Participated in project coordination, civil defense works, Kahramaa works and finishing activities.
- Followed up execution requirements, site coordination, subcontractor coordination and progress monitoring.
- Supported coordination between civil, MEP, finishing and authority-related activities.

Selected Projects:

- **Tawar Mall**
  Value: QR 1.2B | **Scope:** 3 basements, ground floor and 3 floors. | **Area:** 60,000 m²
- **Compound of 16 Villas**
  Location: Abu Hamour | **Value:** QR 60M | **Scope:** Villa compound construction and coordination works.

Project Engineer | **Decam El Salam - Egypt** | **Oct 2015 - Sep 2016**

- Coordinated with consultant, subcontractors and client to ensure project progress according to plan.
- Monitored quality standards, resolved execution issues and followed up progress against timelines.

Selected Projects:

- **15 Residential Buildings**
  Location: Ismailia, Egypt | **Value:** EGP 30M | **Scope:** Basement, ground floor and 5 floors.

Project Engineer | **Sarh Al Benaa - Saudi Arabia** | **Jan 2014 - Sep 2015**

- Supervised construction and finishing works, coordinated with consultants, subcontractors and clients, and ensured works progressed as planned.
- Ensured compliance with quality standards, safety and health requirements, and managed design/execution modifications.
- Resolved unexpected site issues, distributed tasks among workers and supervised site productivity.

Selected Projects:

- **Tower in Makkah**
  Value: SAR 150M | **Scope:** 3 basements, ground floor and 10 floors.
- **Hotel in Makkah**
  Value: SAR 40M | **Scope:** 2 basements, ground floor and 8 floors.

Site Engineer | **Al Rahama Company - Egypt** | **Oct 2012 - Dec 2013**

- Participated in reinforced concrete works, finishing works and quantity estimating works.
- Supervised site works and supported daily coordination of manpower, materials and construction activities.

Selected Projects:

- **Government School**
  Location: Abu Hammad, Egypt | **Value:** EGP 9M | **Scope:** 5 floors.
- **4 Villas**
  Location: Zagazig, Egypt | **Value:** EGP 15M | **Scope:** Villa construction works.

SELECTED PROJECT TYPES

- Infrastructure: roads, tunnels, subways and bridges.
- Buildings, malls and high-rise construction.
- Villas, palaces and residential compounds.
- Steel structure projects and industrial buildings.
- Fit-out, finishing and civil defense/Kahramaa works.
- Technical office, BOQ, tender and contracts.
- Subcontractor, supplier and stakeholder management.

EDUCATION, CERTIFICATIONS AND LICENSES

- Bachelor’s Degree in Civil Engineering - Graduation Year: 2012.
- UPDA / MMUP Certificate - Grade C, Qatar.
- Qatar Driving License.
- Summer training: Arab Contractors Company, Laqouz Company and Training Center in 10th of Ramadan, Egypt.

SOFTWARE AND TECHNICAL SKILLS

AutoCAD | SAP | Microsoft Office | Technical reports | BOQ preparation | Quantity take-off | Costing | Tender documentation | Progress reporting | Submittals | Method statements | Contracts and variation orders | Site coordination | QA/QC documentation

ADDITIONAL ALIGNMENT WITH WATER UTILITIES ROLE

- Experienced in supervising field works, coordinating site teams and subcontractors, and resolving technical issues during installation and execution.
- Able to coordinate water supply, drainage, external utilities and MEP interfaces with consultants, authorities and project stakeholders.
- Capable of preparing progress reports, technical summaries, site records, inspections and follow-up actions for installation, testing and commissioning activities.
- Strong background in infrastructure, buildings and villas construction, supporting both utility-related works and general civil execution.
